Benefits for you

No stress for you – we'll look after the details

Creativity and precision work need scope for freedom! To ensure that you have this freedom, we take care of all the technical details. The earlier we are involved in the planning phase, the better the chances of achieving an optimal overall result.

Creative and individual

Give your creativity free rein. We can help you to develop individual solutions, tailor-made to your property. Whether you would like our help with shapes, colours, finishes or sophisticated installations – we can open up almost unlimited possibilities.

From project idea to construction site acceptance

From planning and the invitation to tender through to installation services. Our property service offers genuine support through every single stage of the project to reduce your workload.

Efficient and economical

Design your processes to be lean and efficient. Thanks to our EHRET property service, you do not have to be troubled with coordinating multiple partners. With EHRET at your side, you can enjoy one-stop service. This saves time, nerves and money.
