Decorative coatings  
for every surface.

Whether for balcony and stair railings, shutters or exclusive custom projects: our high-quality decorative coatings open up new design possibilities for you.

Our finishes mirror the natural beauty of real wood, stone or rust, yet remain as durable as aluminium.

# Nature as our template

Using a patented process, we create surfaces with authentic wood, stone or rust effects distinguished by natural textures, striking details and captivating 3D characteristics.

Light to dark shades

Distinctive and subtle textures

Soft to pronounced patinas

Fine and coarse grains

With and without knot features

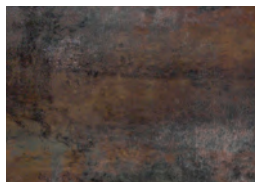

Ageing and 3D effects

Discover a world of wood, stone and rust finishes.

Stone

Rust

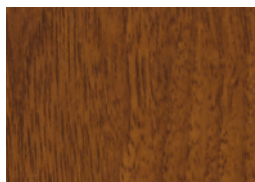

Douglas Fir, light

Swiss Pine, light

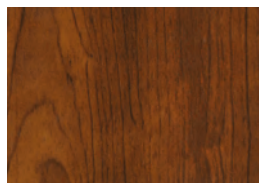

Pine 3D

Golden Oak

Golden Oak, Reno

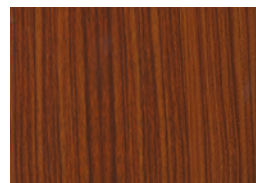

Rustic Cherry, gold

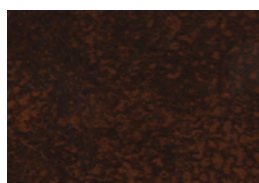

Swiss Pine, gold

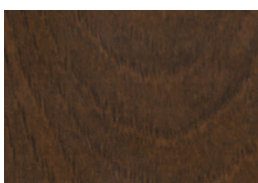

Swiss Pine, dark

Mahogany

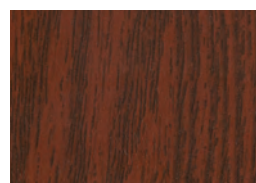

Rust, dark

Walnut

Winchester

Teak Red

## Limitless creative potential

Thanks to over 40 years of experience in aluminium finishing, almost anything is possible with our solutions. For example, the detailed graining of aged oak, the industrial patina of oxidised metal or the visual elegance of natural stone. We also realise bespoke design requests, from pergolas and lounge installations to precision-built, fully customised architectural projects.

We bring your projects to life:

- Balcony and stair railings
- Shutters
- Pergolas
- Custom-made solutions for hotels and construction projects
- And everything you can imagine

# The advantages of aluminium

There is no doubt that wood, natural stone and metals each have their own charm. But when it comes to stair railings or shutters that are constantly exposed to the elements, aluminium décor is the smarter choice.

And for several reasons:

### Highly scratch-resistant

Resistant to scratches thanks to robust surface treatments.

### Low-maintenance

No painting, no sanding – a quick wipe with a damp cloth is enough.

### Weatherproof

No cracking, no splintering, no rotting or fading – even after many years.

### Versatile and customisable

From shutters and railings to specialist projects – available in wood, stone or rust effect.

### Flexible

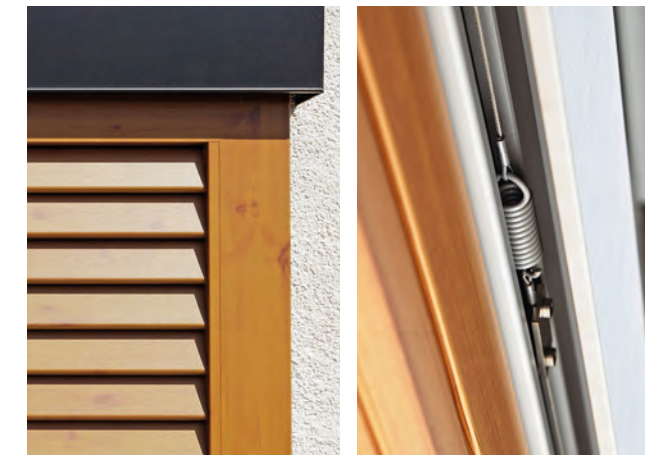

Coated on one or both sides, and offered in a wide range of sizes and profiles.

### High colour stability

A highly weather-resistant base coating ensures long-lasting colour brilliance.

Examples of application:

**We can tailor key areas  
entirely to your vision.**

**We are delighted to support  
you with comprehensive, one-  
to-one consultations on our  
wide spectrum of coatings.**
